A **Non-Refundable** Deposit fee of **\$0000.00** is required to hold a puppy and must be received within 3 business days. Once we receive your deposit, we are assuming that the puppy has a home and is no longer available. Should something happen to your puppy while in our care or puppy is not adoptable deposit will apply toward another puppy (this does not happen often). If we cannot replace your puppy within a year you will receive your deposit back. \*If you are mailing your deposit, tracking number and postmark must be issued within 3 business days of the email date for this contract\*

**Holding Fee** - A fee of \$25.00 (Twenty-five dollars) a day accumulating to and including the day of pick up will be required for holding the puppy **past original pick up dates stated, unless prior arrangements have been made and agreed on or we are delivering the puppy to you, as we try to schedule local pick-ups for the same weekend and out of state deliveries the following weekend.** Should we need to hold back the puppy for treatment related to health or minimum weight, or general comfort and confidence in how well puppy will thrive, you will not be charged for those days and a new pick-up date will be arranged. This is to protect both parties. DO NOTE: Please keep in mind we have our human families to tend to as well as our fur babies, so it's important that we keep our schedules as close to planned as possible.

**Payments:** Deposits can either be mailed, paid via PayPal (**a 4% processing fee applies, unless you select the friends and family option**), Venmo or Apple Pay. Please use Overnight or Priority Mail so there is a tracking number if you are mailing in your deposit. Final Payment is due at pick up and should be made in Cash. Personal Checks of any kind cannot be accepted as we have to allow time for the funds to clear the bank before we would release any puppies.
